Mon 14th-Fri 18th Oct

Aquatics (6-7)
Wednesday 16th Oct

Sports Day
Friday 25th October

Cow Pat Lotto
Sunday 3rd November

Greetings all,

NAPLAN – All student data was sent home to parents this week. Miss Johnson has had individual data discussions with all of her Year 5 and Year 7 students. This provided the opportunity for students to more fully understand their own data including where they sit compared to state and national data as well as set realistic goals for the future. As Mrs Judd is currently on leave she will undertake the same discussions with her Year 3 students early next term. I met with individual Year 3 students to discuss their data. Please feel free to make an appointment with your child's teacher if you would like to discuss your child's NAPLAN data. Overall our NAPLAN results are quite pleasing and we can already see growth in the areas we have targeted this year. Our focus will continue to be on Numeracy improvement as we work on areas of Literacy.

Thursday Casual Clothes Day and 3pm School Finish – Our official last day of Term 3 is Friday 27th September which is a Pupil Free day, therefore Thursday 26th finish is at the normal 3pm. It is also Casual Clothes Day for a gold coin donation which will go towards an I-Pod which will enable us to play music through our new Occupancy Warning System.

OSHC for Friday – It is not too late to book for Happy Haven on Friday. Students are sure to have a lot of fun. Ph: 81555444. See the fliers in this newsletter.

Cow Pat Lotto – Our Fundraising Committee are working very hard at organising our Family Fun Day and Cow Pat Lotto on 3rd November at the Kersbrook Soldier's Memorial Park. It will be a great day, so please let your family and friends know about it. Bring them all along and have a nice relaxed day. See the signs around town. Click here for info: <https://www.trybooking.com/BFBYO>

Emergency Telephone 0419 862 579 - Last week we sent out texts from our School Mobile phone which will be used to broadcast messages in the event of a catastrophic day or bushfire risk. Many people did not respond. It is not too late! If you received the message, please respond. If not, we will be ringing you soon, to ensure our details are correct. Your child's safety is our priority.

Mt Pleasant Farmers Market – Year 7's will be at the gate collecting donations towards their Canberra Trip on 19th October. We will also be receiving 20 discount cards of 10% to use at the market within one month. If all 20 cards are returned within the month, we will collect an extra \$100! If you are sure to be going to Mt Pleasant Market in October or early November, please contact us after the holidays for a discount card.

Feedback and suggestions – I am always interested in hearing from parents and our wider community. Please feel free to pop in to see me or email me if you have any concerns or suggestions to make our school more fantastic than it is. You can remain anonymous if you prefer and post or drop off a letter. Emails can be sent to my email address ... Jill.Gurner975@schools.sa.edu.au

Wishing everyone a safe and happy holiday and looking forward to seeing everyone next term.

Jill Gurner
Principal

Kersbrook Primary School

FAMILY FUN DAY & Cow Pat Lotto

tickets@TryBooking.com

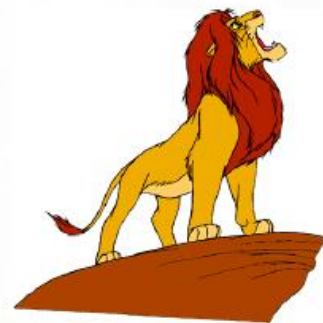

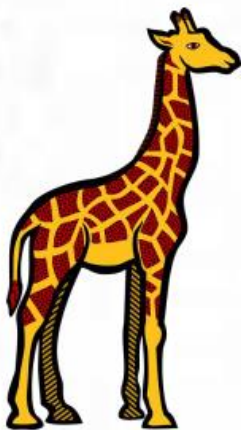

Market Stalls 🍷 Face Painting
Petting Zoo 🍷 Amusements
Food Stalls also available

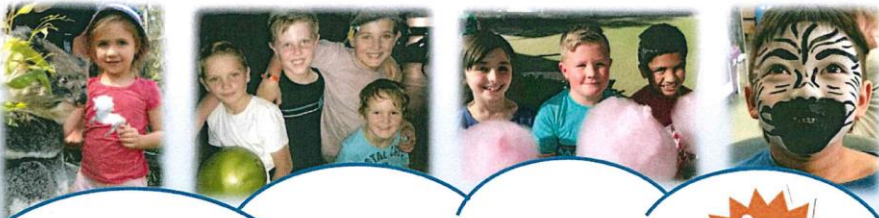

Room 3 have been working hard in science learning about animal and plant adaptations. After our excursions to Warrawong Wildlife Sanctuary and the Adelaide Zoo, students selected an animal to research.

Room 3 with Miss Johnson

The project required students to make a presentation about their animal. Students were also asked to create a diorama, showing their animal in its natural habitat.

Aussie Backyard Bird Count

The [Aussie Backyard Bird Count](#) is back for its sixth year, with the 2019 event being held from Monday 21 - Sunday 27 October during National Bird Week.

The Aussie Backyard Bird Count is an event for all ages, and it encourages everyone from school children, senior citizens and families to community groups to participate in capturing a snapshot of Australia's birds. In doing so, these citizen scientists play a vital role in providing important information to BirdLife Australia to help increase understanding of Australian birds. It only takes 20-minutes in your playground, backyard, local park or other favourite outdoor space – you can count birds anywhere.

There are free teaching resources available for students in Years 5 and 6 (Stage 3), that can be adapted for younger students, to introduce them to our Aussie birds and develop beginner birdwatching and identification skills, all while contributing to a citizen science project.
